Dear Appeals Officer,

Attached please find my administrative appeal of the December 3, 2025 final response to FOIA request F-2025-28917.

The Department's response is inadequate in both scope and accuracy. The production consisted primarily of my own correspondence, provided virtually no internal government records, and included a welfare check summary containing the wrong name and wrong age for the subject.

I request that the Appeals Officer order a comprehensive search using correct identifying information and release all improperly withheld records.

This appeal is submitted within the 90-day deadline. Please acknowledge receipt and provide an estimated timeline for the appeal decision.

Attachment: Appeal Letter - F-2025-28917
