Dear VA FOIA Service,

I submitted a clarification response for FOIA Request 25-35226-F on September 26, 2025 in response to your request for additional information.

However, I notice the request is still showing as "on hold awaiting clarification" in the tracking system.

Could you please confirm:

1. Whether you received my clarification response sent on September 26, 2025
2. Whether the clarification was sufficient or if additional information is needed
3. The current status of this request

I am concerned that my response may not have been received, as I responded within the required timeframe, but the system has not been updated.

For your reference, I clarified:

- Requested routing to VBA Regional Office for Foreign Services (Janesville), VHA Foreign Medical Program, VA Office of Policy and Planning, and VA Office of Information and Technology
- Confirmed scope: policies/directives/guidance, databases/tracking systems, statistics/reports, coordination records
- Date range: January 1, 2015 through present
- Reserved right to appeal fee waiver denial

Please advise on next steps. If my clarification was not received, I am happy to resubmit immediately.

Thank you,

David Burger
