Dear VA FOIA Officer:

Thank you for your request for clarification regarding my FOIA concerning VA policies, databases, and tracking systems for veterans requiring consular assistance overseas.

**Clarification of Requested Records:**

Please route this FOIA request to the following VA components most likely to maintain responsive records:

**1. Veterans Benefits Administration (VBA) - Regional Office for Foreign Services**

- VA Regional Office, P.O. Box 4444, Janesville, WI 53547-4444
- This office maintains policies, databases, and tracking systems for veterans abroad

**2. Veterans Health Administration (VHA) - Foreign Medical Program**

- Contact: [HAC.FMP@va.gov](mailto:HAC.FMP@va.gov)
- This office maintains databases and coordination records for overseas veterans

**3. VA Office of Policy and Planning** (if such office exists)

- Any office responsible for creating policies regarding support for veterans overseas

**4. VA Office of Information and Technology**

- For any databases, spreadsheets, or tracking systems maintained centrally

**Scope Confirmation:**

The request seeks:

- Policies, directives, and guidance on how VA identifies and supports veterans overseas
- Any databases, spreadsheets, or tracking systems for veterans abroad
- Statistics or reports on veterans stranded overseas
- Records of coordination with State Department or DoD on these matters

Date Range: January 1, 2015 through present

**Fee Waiver Appeal:**

I respectfully note my disagreement with the denial of my fee waiver request and reserve the right to appeal that determination separately. Documentation of how VA tracks and supports stranded veterans clearly serves the public interest under 5 U.S.C. § 552(a)(4)(A)(iii).

Please confirm receipt of this clarification and provide an estimated completion date.
